6. Submission requirements

(1) The deadline for submitting the paper is August 20, 2025. Please log in to the 'Paper Submission' section of the 'Conference Registration System' to submit your paper, upload the abstract and main content. Submitting paper through other ways is invalid. The admission results of the thesis will be displayed on the personal page of the registration system.

(2) The information and academic achievements reflected in the paper are from the past 5 years. In principle, each attending author is limited to submitting 1 paper. Please do not involve confidential content in the paper. The author is responsible for ensuring the authenticity and objectivity of the content.

(3) Please submit an abstract in both Chinese and English (no more than 300 words in Chinese), and the entire text (excluding references) is optional. The word count for the entire text (excluding references) should not exceed 3000 words. Please use Song typeface for Chinese and Times New Roman for English.

(4) The Abstract Proceedings is compiled as the results of the conference and is not included in major index databases.

7. Guidelines for Acceptance:

(1) Conference participants are eligible to submit papers. All submissions from attendees will be submitted to the academic expert group for review, and those who pass will be included in the compilation of conference paper abstracts. The acceptance results will be displayed in the personal section of the registration system.

(2) If you need a paper acceptance notification, please submit your request through the registration system after your paper has been reviewed and accepted. You can then download it yourself.

(3) If you are interested in giving an oral presentation on-site, please apply through the 'Academic Presentation' section of the 'Conference Registration System'. After review by the academic expert group, qualified applicants will be recommended for the presentation. An oral presentation must be accompanied by a submitted paper, and the content of the presentation should be consistent with the paper. The presentation venue and schedule will be arranged by the conference organizing committee based on the overall schedule.

8. Participants:

Government officials of related countries; experts, scholars and representatives of enterprises who are engaged in Chinese medicine, traditional medicine, integration of Chinese and Western medicine, modern medicine and other related fields such as medical treatment, scientific research, management,
